You need to create a VM to use the Cisco CUCM and its Configuration Manager. The hardware requirements for the CUCM are given in Table 1. The links below are to free. The following are the Top 50 Best Global Universities as per Quacquarelli World University Rankings 2019. University of Manchester.A steam whistle originally sounded the hour at Old Royal Naval College, Greenwich, England. After a ship's four bells were struck, an officer would blow a whistle in response, sounding the next hour. This practice was continued by the Royal Navy until 1828, when it was decided that it was too confusing and therefore the whistle should be sounded by the last stroke of the bell, with the ship's second officer blowing the whistle. In about 1825, the whistle was sounded by a small brass instrument, called a toot which was placed in the ship's catboat and towed astern of the ship. Ships were initially required to have a watchman sitting in the catboat, who would blow the whistle on sighting a vessel approaching from astern. In 1828 the watchman was replaced with the ship's first officer, and the small brass whistle was replaced by a wooden hand-operated siren. In 1843, the ship's boatswain was given a fixed position in the ship's forecastle and was allowed to sound the siren, while a 2d92ce491b
