I cannot find where I can download from. I have an Autodesk Architectural plugin. A: AutoCAD Architecture 2017: The solution is to use the AutoCAD (not Architectural) Load command to load the plugin. AutoCAD Architecture: Get the plugin by going to File -> Plugins -> (X-Force) X-Force - Architecture download. The Arch plugin on the Autodesk Architectural website installs the plugin for you (I think on the website, you have to pay for it). It is very easy to install the plugin, but you have to activate it (and it is very difficult to deactivate - you have to remember the administrator password). The solution is to use the AutoCAD (not Architectural) Load command to load the plugin. This is discussed further here.
