Making it look like we released this before the original. ►. 1 of 4 heroes, and your enemies are also controlled by AI. They all have their own special abilities, and their own stats and attributes, as well as their own AI. I'm currently working on AI improvements, but this is in my sandbox. Your goal is to defeat the enemy leader by killing him. If an enemy dies, his crystal will fall, and will destroy all his units. I will post a link to the tutorial later on. Your heroes have a special weapon, they have to collect crystals and use them to attack the enemy leader, to kill him. You can also upgrade your heroes, you can start with any hero, and you can eventually start with the ones that have the best weapons.
