120-127 Zevi B. (1973), Il linguaggio moderno dell'Architettura. Guida al codice anticlassico has turned from a shell into a space: . from. 118. 126 Ibid. 127 For example, in the case of "Morceaux de peinture" and "La poesie de P. de Vries" we are dealing with words as "themes", "themes", which are not really "themes". "Theme" here is not "representation", but "idea". V.F. Asmus wrote about it this way: "The problem of the" theme "has no independent meaning here, is not a category, but only represents a moment in the structure of a given work of art. The theme is not "represented", but "represented as a representation" fffad4f19a
