
Schlumberger OLGA 2017 Free Download

OLGA's Dynamic Multi-Phase Flow Simulator simulates transient flow. Leases will continue to be considered on a case-by-case basis until December 31, 2017. Prior to the expiration of the lease for any reason, MERA waives all ownership of the lease and lease rights are renewed for the original tenant based on payment by the tenant. MERA acquires the rental rights from the original tenant within 30 days of ceasing to use the rental device. MERA reserves the right not to renew the rental rights if the rental rights are no longer valid.
