
things, including high quality electronics, top-of-the-line customer service and a great selection. This chain of stores knows how to work out deals for an affordable price, too, with their everyday low prices and weekly ad. In addition to their sale ads, you can find deals on major electronics and consumer items such as MacBooks, iPads, flat-screen TVs and phones at Best Buy. How to Find the Best Buy Check Out the Weekly Ads Be sure to check your local newspaper or the Sunday ads for the deals happening at Best Buy. For example, you could find a big markdown on gaming systems like the Xbox One, Playstation 4 and Nintendo Switch. Best Buy also

occasionally offers frequent deals on movies, music and tech accessories. The deals on electronics are only one of the many ways to save money, though; be sure to check out the next tab for some tips on how to find cheap furniture, clothing and household items. Don't Fall for the Popular Ad One of the most common pitfalls for Best Buy shoppers are the "flash sale" ads. These ads promise a massive discount and huge savings, but never end up actually being a deal. These ads are supposed to appear throughout the length of the sale. When you see a sale like this, leave the site immediately or the discount will be gone. Get the Best Price at Best Buy You can find more of the best

prices by searching Best Buy's website, but you can also save money by shopping the weekly ad. The clearance section at Best Buy is where many of the best deals are found. This section offers free shipping on select items and sometimes has cheaper options for the same item. Save Money on Furniture Most of the major retailers, including Best Buy, have a furniture clearance section. The furniture clearance section usually has clearance prices for many of the items that are more expensive when they're in season. For example, we found a TV stand for just \$31.09 on a clearance section. The top clearance items also include the furniture and home decor. You can often find large
